Dear Sir or Madam:

Special inspection services were provided on the referenced project for the following portions of the work which required special inspection and which Coastal Testing Laboratories, Inc., was employed to test and observe:

- Compaction Lot fill
- Concrete
- Lime Stabilized Subgrade
- Storm Sewer Backfill

Based on the progress reports submitted for the tests and observation, the work requiring special inspection was, to the best of my knowledge, in conformance with the design professional's permitted construction plans, specifications and the applicable workmanship provisions of the Building Code. If there are any questions regarding the letter please call Coastal Testing Laboratories, Inc. at 713-477-0121.

Respectfully
