Seabrook

Does any potential conflict of interest exist which may interfere or inhibit you to carry out the duties of a Master Plan Review Commissioner?

No

If you answered Yes or Uncertain to a potential conflict of interest, please explain

Field not completed.

What special skill or knowledge would you bring to the Master Plan Review Commission?

I have lived and / or worked in the Seabrook area since 1973, I have seen a lot of changes to our area, was a member of SVFD and CLEMC for several years. As a home owner, I have some knowledge of building codes, zoning codes, and issues that go along with building on private property. As a member of a couple social media groups, I am aware of residents concerns, complaints about the current growth of the Seabrook area. Due to the job I had for 40 years working shift work, I did not feel I could properly serve on a board due to the my hours of work. But now that I have retired, I have 35 years of work

experience as a Union member and Officer, and 5 years in a Supervisory role.

The Comprehensive Master Plan is considered to be an ongoing planning tool for the City. What are your feelings on the importance of this role for which you are volunteering?

I think it is essential at this time due to the rapid expansion of the residential areas, and the future influx of commercial businesses that will be coming to the Seabrook area, specifically the Hwy 146 corridor and NASA Rd 1.

The Comprehensive Master Plan presents a vision for the future, with long-range goals and objectives for all activities that affect the City, which includes guidance on how to make decisions on public and private land development proposals, the expenditure of public funds, availability of tax policy (tax incentives), cooperative efforts and issues of pressing concern. What special skills or experience do you have that would make your appointment appropriate for this task?

I have been a resident in Seabrook since before we had zoning, and witnessed the improvement that made separating residential, commercial and light industrial areas from each other. As a resident that has seen and enjoyed the improvements such as the trails system, Pine Gully Park and pier, the numerous restaurants in our area, I want to be a part of a group that can expand and improve the area for our residents, and be able to bring in new businesses that benefit the city and residents.

Please provide any additional information you feel would be useful to the City Council in considering your application. A cover letter and/or resume may also be submitted with the application.
