The Board of Adjustment is considered a quasi-judicial board with appeals going to district court. What are your feelings on the importance of this role for which you are volunteering?	I feel it an important position that oversees the future of Seabrook.

Objectivity and a knowledge of municipal ordinances is necessary to ascertain when a variance is in the public interest, does not create an unnecessary hardship, and upholds the spirit of the ordinance from which you are granting a variance. A financial hardship is not considered a reason for granting a variance. Please define “unnecessary hardship” as it would relate to granting a variance.

To me it would be not having the ability or necessary items to be in line with an ordinance.
