Re: Estates of Lake Mija
Final Completion Notification
Paving & Utilities

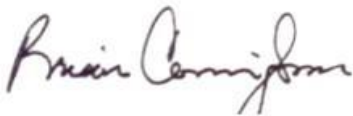

Dear Brian,

Let this letter serve as notice of the completion of contracted work on the above referenced project. The final inspection was conducted on June 21, 2017 with no deficiencies noted.

Charles Anders with Bayway Utilities has submitted the "As-Build Drawings and Video Tapes" for the record. We recommend a one-year warranty inspection be conducted for Engineer's Certification of Completion letter.

If you need any further information, please call any time.

Sincerely,

Brian Cunningham
Director of Operations
