**General Information / Subject:**

Approve contract with Viking Painting, LLC in the amount of \$114,300.00 to perform repairs and rehabilitate the coating on Friendship Park Elevated Water Tank.

**Executive Summary / Background:**

The City of Seabrook hired Dunham Engineering to perform an inspection of the Friendship Elevated Storage Tank on April 16, 2019 to determine condition of the water tower. The inspection showed exterior paint separation from primer and minimal corrosion. Existing CIP w11 was revised from a complete rehabilitation project to an exterior coating and localized corrosion repair project. Estimated costs went from \$500,000 for full coating removal and replacement to \$350,000 for the rehab. An RFP was created to seek proposals for the project and the selected responsible low bidder chosen is Viking Painting, LLC in the amount of \$114,300. Life expectancy for this project is estimated to be 10 years.
