Objectivity and a knowledge of municipal ordinances is necessary to ascertain when a variance is in the public interest, does not create an unnecessary hardship, and upholds the spirit of the ordinance from which you are granting a variance. A financial hardship is not considered a reason for granting a variance. Please define "unnecessary hardship" as it would relate to granting a variance.

An unnecessary hardship could be a restriction that denies an owner the ability to enjoy or use their property because of conditions beyond their control or no fault of their own, while others in similar circumstances do not have the same restriction.

Please provide any additional information you feel would be useful to the City Council in considering your application. A cover letter and/or resume may also be submitted with the application.
