26 **2.0 NEW BUSINESS**

27
28 **2.1 Consider and take all appropriate action on a request to amend the plat for Parkers Lake**
29 **Subdivision.**

30
31 Director of Community Development, Sean Landis explained to the board that the owner
32 (Parker's Lake HOA) wishes to correct an error to state that Reserve "B" is for private use and
33 Reserve "A" is for a private park. The original Plat states that Reserve "B" is for public use. It
34 was never the intention of the property owner to dedicate Reserve "B", the Lake, to the Public.
35 City Staff agrees an error was made with the creation of the note, and recommends the change.
36

37 Motion made by Tracie Soich and seconded by Rosebud Caradec.
38 To approve the request to amend the plat for Parkers Lake Subdivision.
39

40 MOTION CARRIED BY UNANIMOUS CONSENT
41

42 **2.2 Consider and take all appropriate action on Planning & Zoning goals for 2020.**

43
44 Director of Community Development, Sean Landis made the following recommendations to
45 the Board:
46

- 47 • To rewrite the subdivision ordinance – Due to the new functional classification of the City’s
48 streets changing per the new planning document, there is now a conflict between the new
49 planning document and the ordinance. To revise street widths, right-of-way widths, etc.
- 50 • NASA Road District – discuss the various zones along NASA Road for potential planning
51 opportunities
- 52 • Old Seabrook District - Previously a 20ft setback was created for this area. To continue
53 discussion on what kind of infrastructure may need to be done that needs to be tied back to the
54 zoning ordinance. Standards for Main Street need to be addressed, since there is a lot of interest
55 in development in this area.
- 56 • The Point Overlay District – This area is very developer driven and land-owner driven,
57 therefore a participant would be required for more progress of this area. A potential planning
58 opportunity would be for it to become a livable walkable center.

59
60 By unanimous consent, the Board agreed with Mr. Landis’s list of recommendations and goals
61 to focus on. No motion was required.
